

The 46th International Spring Seminar On Electronics Technology

10th – 14th May 2023, Timișoara, Romania

"Revolutionizing the Electronics Ecosystems – Chiplet and Heterogeneous Integration"

Keynote speaker:

Name: Nico Steinhauser

Job position: Student Attraction Manager

Company: Infineon Technologies Austria AG

e-mail:
nico.steinhauser@infineon.com

Title of the presentation: Infineon Austria IPCEI Student Programs

Short CV:

Nico Steinhauser was born in 1995 in St. Veit, Austria. While studying business administration, he started in the HR department of Infineon Austria in 2019. After several positions in the HR department, he is currently a Student Attraction Manager and thus responsible for internship, bachelor and master thesis positions across all Infineon locations in Austria.

Abstract:

Mission Future

In the frame of the Important Project of Common European Interest (IPCEI) on Microelectronics, Infineon Austria supports young talents to achieve the goal of a more efficient, secure, and greener future. Our various student programs are an excellent opportunity to gain experience in an international expert environment of a global company, expand existing competencies, and acquire new skills while staying at the university and country of your (or student's) choice.
