

49th International Spring Seminar on Electronics Technology

First Call for Papers

Theme of the year:
“Sustainable R&D&I in
Semiconductors”

13 – 17 May 2026

**Plovdiv
Bulgaria**

Distinguished Colleagues, Dear Researchers and Scientists,
it is our great pleasure to invite you to submit an extended abstract to the 49th edition of the International Spring Seminar on Electronics Technology (ISSE, web: www.isse-conf.eu) from Wednesday, May 13th to Sunday, May 17th, 2026, organized in Plovdiv, Bulgaria. The International Spring Seminar on Electronics Technology (ISSE) is the premier European forum for exchanging information between senior and young scientists from academic communities and electronic industries around the world. Topics include experimental and theoretical work in a widespread field of electronics and micro/nanoelectronics technology, electronics manufacturing, electronics packaging, advanced research, and teaching. Based on a combination of oral and poster presentations as well as individual meetings, professors, industrial participants, students, senior and junior researchers come together in a unique forum to discuss scientific and educational topics and organize international cooperation in a convenient atmosphere during the conference days. ISSE 2026 will continue the long tradition of the preceding ISSE conferences, starting in 1977 (Weissig/Germany) and the last one held in Budapest (Hungary, 2025).

We are pleased to encourage you to participate in ISSE 2026.

49th International Spring Seminar on Electronics Technology

**13 – 17 May 2026
Plovdiv, Bulgaria**

Conference Topics

- A. New Materials, Components and Processes**
- B. Thermal Management**
- C. Advanced Packaging and Interconnection Technologies**
- D. Testing, Reliability and Quality Management**
- E. Process Modelling and Simulation**
- F. Sustainability in Electronics Technology**
- G. Nanotechnology, Nanomaterials and Nanoelectronics**
- H. Signal Integrity and Electromagnetic Compatibility**
- I. Electronic components, Sensors, Actuators and Microsystems**
- J. Educational and Information Technologies in Electronics Manufacturing**

Important Dates

Abstract submission: January 26th, 2026
Notification of acceptance: March 13th, 2026
Early bird registration: March 31st, 2026
Full Paper Submission: April 17th, 2026

Conference Venue

ISSE will take place in Plovdiv at the Hotel Imperial Plovdiv.

ISSE 2026 Conference Organizers

General Chair: Oliver Krammer (Budapest University of Technology and Economics, Hungary)

Conference Chair: George Angelov (Technical University of Sofia, Bulgaria)

Secretary of ISSE: David Bušek (Czech Technical University Prague, Czech Republic)

Technical Program Chair: Tomáš Blecha (University of West Bohemia in Pilsen, Czech Republic)

Publication Chair: Bogdan Mihailescu (Polytechnica University of Bucharest, Romania)

Publication of Papers

Accepted and presented papers will be featured in the conference proceedings and will be sent to the IEEE Xplore Digital Library (ieeexplore.ieee.org) subject to meeting IEEE Xplore's scope and quality requirements. Plagiarism checks will be conducted on all submissions. It is essential that the papers are original, have not been previously published, and refrain from including commercial content.
